Responsibilities

The basic responsibility of the members of the Committee is to exercise their business judgment to act in what they reasonably believe to be in the best interests of the Company and its shareholders. In discharging that obligation, members should be entitled to rely on the honesty and integrity of the Company's senior executives and its outside advisors and auditors, to the fullest extent permitted by law. In addition to any other responsibilities which may be assigned from time to time by the Board, the Committee is responsible for the following matters:

Independent Auditor

- The Committee shall be directly responsible for the appointment, compensation, retention and oversight of the work of any public accounting firm, including the independent auditor, engaged for the purpose of preparing or issuing an audit report

or performing other audit, review or attest services for the Company (subject, if applicable, to shareholder ratification). Each such public accounting firm, including the independent auditor, shall report directly to the Committee.

- The Committee shall pre-approve the audit services and non-audit services (including the fees and terms thereof) to be provided by the Company's independent auditor pursuant to pre-approval policies and procedures established by the Committee. The Committee may delegate its authority to pre-approve services to the Chair of the Committee, provided that such designees present any such approvals to the full Committee at the next Committee meeting.
- The Committee shall discuss with the independent auditor its responsibilities under generally accepted auditing standards, review and approve the planned scope and timing of the independent auditor's annual audit plan(s) and discuss significant findings from the audit and any problems or difficulties encountered, including any restrictions on the scope of the auditor's activities or on access to requested information, and any significant disagreements with management.
- The Committee shall evaluate the independent auditor's qualifications, performance and independence, and shall present its conclusions with respect to the independent auditor to the full Board on at least an annual basis. As part of such evaluation, at least annually, the Committee shall:
  - obtain and review a report or reports from the Company's independent auditor:
    - describing the independent auditor's internal quality-control procedures;
    - describing any material issues raised by (i) the most recent internal quality-control review, peer review or Public Company Accounting Oversight Board ("**PCAOB**") review, of the independent auditing firm, or (ii) any inquiry or investigation by governmental or professional authorities, within the preceding five years, regarding one or more independent audits carried out by the auditing firm; and any steps taken to deal with any such issues;
    - describing all relationships between the independent auditor and the Company consistent with applicable requirements of the PCAOB regarding the independent auditor's communications with the audit committee concerning independence; and

Financial Statements; Disclosure and Other Risk Management and Compliance Matters

    - the effect of regulatory and accounting initiatives, as well as off-balance sheet transactions and structures, on the Company's financial statements; and
    - any major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles.
    - The Committee shall review the type and presentation of information included in the Company's earnings press releases, as well as financial information and

earnings guidance provided to analysts and rating agencies, paying particular attention to the use of non-GAAP financial information.

- The Committee shall, in conjunction with the Chief Executive Officer and Chief Financial Officer of the Company, review the Company's disclosure controls and procedures and internal control over financial reporting. The review of internal control over financial reporting shall include whether there are any significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to affect the Company's ability to record, process, summarize and report financial information and any fraud involving management or other employees with a significant role in internal control over financial reporting. The Committee shall also review any special audit steps adopted in light of material control deficiencies.
- The Committee shall review and discuss with the independent auditor any audit problems or difficulties and management's response thereto, including those matters required to be discussed with the Committee by the independent auditor pursuant to established auditing standards, as amended, such as:
  - any restrictions on the scope of the independent auditor's activities or on access to requested information;
  - any accounting adjustments that were noted or proposed by the independent auditor but were not adopted by management or reflected in the financial statements;
  - any communications between the independent audit team and the independent audit firm's national office regarding auditing or accounting issues presented by the engagement;
  - any management or internal control letter issued, or proposed to be issued, by the independent auditor; and
  - any significant disagreements between management and the independent auditor.
- In connection with its oversight responsibilities, the Committee shall be directly responsible for the resolution of disagreements between management and the independent auditor regarding the Company's financial reporting.
- The Committee shall review the Company's policies and practices with respect to risk assessment and risk management.
- The Committee shall establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.
- The Committee shall prepare the Committee report that the SEC rules require to be included in the Company's annual proxy statement.
- The Committee shall review the Company's compliance with laws and regulations, including major legal and regulatory initiatives.

Related Person Transactions

- The Committee shall review, and if appropriate, approve related person transactions in accordance with the Company's Related Person Transaction Policy.

Reporting to the Board

- The Committee shall report to the Board periodically. This report shall include a review of any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the independence and performance of the Company's independent auditor, the performance of the internal audit function and any other matters that the Committee deems appropriate or is requested to include by the Board.
- At least annually, the Committee shall evaluate its own performance and report to the Board on such evaluation.
- The Committee shall review and assess the adequacy of this charter periodically and recommend any proposed changes to the Board for approval.

Authority and Delegations

The Committee is authorized (without seeking Board approval) to retain special legal, accounting or other advisers and may request any officer or employee of the Company or the Company's outside counsel or independent auditor to meet with any members of, or advisers to, the Committee.

The Committee shall have available appropriate funding from the Company as determined by the Committee for payment of:

- compensation to any public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company;
- compensation to any advisers employed by the Committee; and
- ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

The Committee may delegate its authority to subcommittees or the Chair of the Committee when it deems appropriate and in the best interests of the Company.

Procedures

The Committee shall meet as often as it determines is appropriate to carry out its responsibilities under this charter, but not less frequently than quarterly. The Chair of the Committee shall preside at each meeting and, in the absence of the Chair, one of the other members of the Committee shall be designated as the acting chair of the meeting. The Chair of the Committee, in consultation with the other Committee members, shall determine the frequency and length of the Committee meetings and shall set meeting agendas consistent with this charter.

The Committee shall meet separately, periodically, with management, with the Chief Audit Executive (or other personnel responsible for the internal audit function) and with the independent auditor.

Limitations Inherent in the Committee's Role

It is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with GAAP and applicable rules and regulations. This is the responsibility of management and the independent auditor. Furthermore, while the Committee is responsible for reviewing the Company's policies and practices with respect to risk assessment and management, it is the responsibility of the Chief Executive Officer and senior management to determine the appropriate level of the Company's exposure to risk.
